

Get Real Get Better

Announcing release of the **Navy's first self-paced learning experience** that introduces the GRGB mindset, skillset, and toolset behind our cultural transformation.

Every Sailor and Civilian teammate will learn:

✓ An understanding of the "what & why" behind GRGB mindset, skillset, and toolset—why it matters for our Navy and your individual role in contributing to this change.

Mindset

The aspiration to always learn and improve, curiosity about one's performance, and the motivation to unite the leadership standard and problem-solving framework.

Skillset

Establishment of a leadership standard on how we communicate and act with each other.

Toolset

Establishment of a problem-solving framework to solve complex, multi-faceted problems.

✓ Insight into **how you can apply GRGB daily**—whether solving a maintenance issue, improving admin workflows, leading teams, or disciplined problem-solving to meet the mission and win.
